I've been busy.
Don't come bother me.
What,
not going to welcome me?
Oh! I had wanted to give you a ticket to see the Yide Troupe from the capital.
It's only there that "Butterfly Lovers" will be shown. I have two tickets.

Using theatre tickets to entice me again..... How vexing!
.....What's the matter?
It's an assassination...

...If I must.

The target is General Zhang Xianzhu. Today's banquet is a company celebration that his nephew is hosting in his name.
The funny thing is that Zhang Xianzhu is currently seriously ill.

Zhang Xianzhi... which room is he in?
The room in the corner of the third floor's left hallway.
Wait here. If anything happens up above, attend to me in the back garden.
Yes.
Miss, you tend to be soft-hearted. Should you run into any trouble later, you must be firm
Mhm

You want to know the reason behind the assassination?
Ah, I can't hide it from you. Zhang Xianzhi was originally a bandit leader and angered many through murder and plundering. There are many who'd love to see him dead~

咔!

Although, this time the employer is a rich merchant from Jiangnan. I heard that when he was young and abject, Zhang Xuanzhi snatched away his fiancée, Su Nianxiu.
Now that he has gained power, it's only natural that he return for revenge.....
Ah

You are.....
Su Nianxu?
Who are.....?
Weren't you snatched away by Zhang Xunzhe? Why, after all these years, have you not escaped...
I.....

Exactly what happened?
I want...
to know.....
There's blood here.
They must have gone this way!

He must be nearby!
Find him!

stare.
About that——

Thank you..... for binding my wound..... ehh...
This is a gunshot wound. What are you?
A bandit
I see...
Then you must be careful not to get hurt from now on

Should I get injured again, I will go to you. Your treatment is exceptional!
That can't happen..... I'm about to get married.

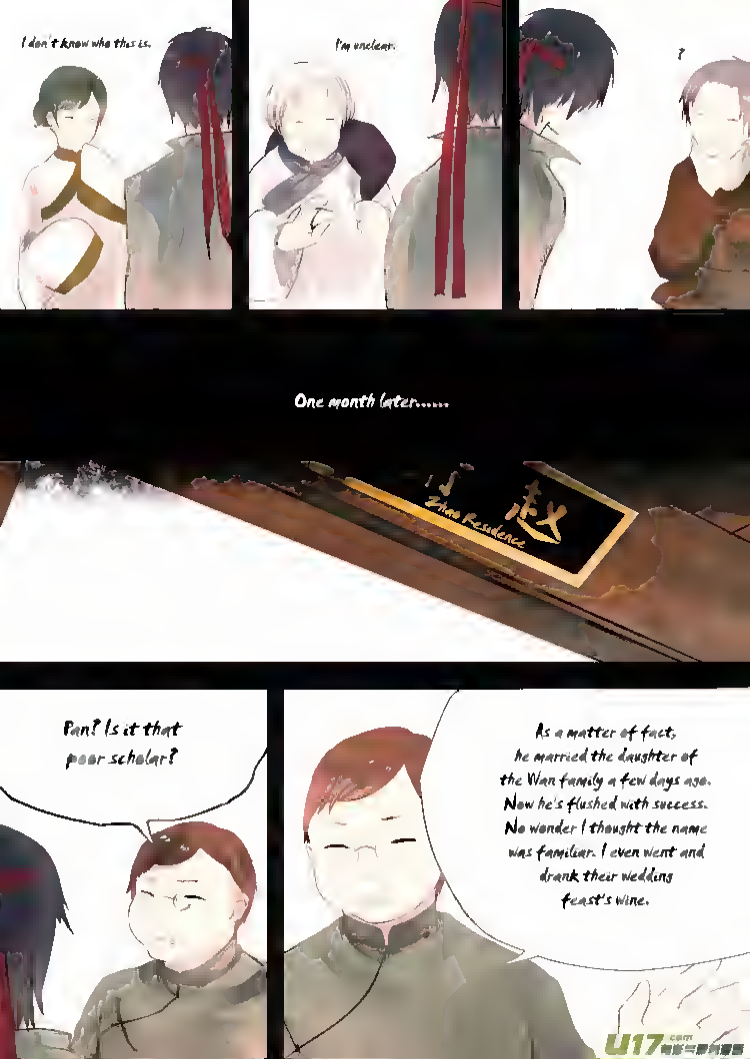
There is a road here. Eldest will bring men and rush up from the gate. Second and I will flank you from the small path.
This time, I will definitely teach those people of Matou Mountain a proper lesson.

Big brother! It's bad! I heard that foreign soldiers have fought their way in! The city has been thrown into chaos!
What!?
The city.....
Big brother!
Go!

Pan Lang!
Pan Lang!
砰——!
Murder!
Yah!

Quick!
Follow me!

Who is this?
Who?
Eh?
It's safe here.
Don't worry.
My..... fiancé.
I was separated from him. Can you help me find him?
Shoo!
Okay.
Wait for my news.



I don't know who this is.
I'm unclear.
?
One month later.....
Zhao Residence
Pan? Is it that poor scholar?
As a matter of fact, he married the daughter of the Wan family a few days ago. Now he's flushed with success. No wonder I thought the name was familiar. I even went and drank their wedding feast's wine.

Fiancée? I had heard that he had one. It's said that she desappeared off somewhere. Ah... in that turmoil and chaos, how could anyone know? It seems that she was also sickly..... tut-tut...
How is it, have you found him, is he well?
I had thought..... that he was some sort of talent.
But he is just a poor scholar. He cannot bring you a stable life!

What..... what happened? Is it that Pan Lang, he...
You eating and drinking here, how much money have you cost me? You're going to go back like this?
啪!
It would be better to stay here as my wife and pay compensation properly. You may not leave!
Wait..... wait just a moment...
What is it that happened?
Let me out!

Today was a great battle!
We brought back lots of provisions from the officials—...
.....
She heard that you were injured and insisted upon coming...
Darned thing!!
Didn't I give instructions that this wasn't to reach her ears!!
Ow!
Idiot!

Sister!
How could you go out without an umbrella! The sky looks like it's just about to rain!
TAO HERE, "SISTER" IS USED IN THE "WIFE OF AN OLDER BROTHER" SENSE AND NOT IN THE FEMALE SENSE
What sister! I haven't married Xuanzhi. Besides, I've still been abandoned.....
What Big Brother thinks of you, do you still not know? You should return earlier. I've secretly come to inform you that he has prepared many presents and is waiting to propose to you!
Ough! Cough cough!!
Sister!
Sister!!

Why do you..... not leave?
I don't want to.....
Ah... if it's like that. This business has gone awry.
I really can't fund.....
a reason to leave him.....
Coughcough.... who is outside?
Xianzhi? Did we wake you up? Is everything okay?!

Sorry.
Our talking woke you up.
Who is it?
I want to see Nianxu....
Mess, who are you talking to? Nianxu?
Heh..... what nonsense am I saying.....
Unfortunately, she has been gone for eighteen years.

After she died, I continued on like in the past. ...
I arranged her clothes, served the food she liked to eat, and prepared two sets of chopsticks and bowls.....
I've said so much to incur rebuke from you..... I really am on my deathbed.
All these years.....
How wonderful..... I'll soon be able to see her.
He's always.....

But..... Xuanzh... you still haven't said to me.....
I love you.
Wait for me, Nianxu.

Yes!

Thanks everyone for your support.
This time "Records of the Southern Mist House" has received three nominations participating in the Golden Dragon.
Although we still don't know if we'll receive an award, I really am very, very thankful to everyone.
The magazine has expressed that if Southern Mist House is popular enough, it can produce separate publications.
If everyone wants to read separate publications, please be sure to support "Records of the Southern Mist House"!
Your support is my motivation to keep going!

The aforementioned.
